Re: Acceptance of Amended Notice of Intention to Commence Small Mining Activities, Unique Minerals, Inc., Unique Minerals #1 Project, S/027/074, Millard County, Utah

Dear Mr. Teseneer:

Thank you for forwarding Unique Minerals (Richard Stone)'s amended Notice for the Unique Minerals #1 project. The project is located on BLM managed land in the SE1/4 of the NE1/4 of Section 24, T17S, R13W, SLBM, Millard County, Utah. Your agency's designated number is UTU-075884.

We have evaluated the notice and find the information, along with the color map you provided, meets the requirements of Rule R647-3 of the Utah Mined Land Reclamation Act of 1975, Title 40-8, et seq., Utah Code Annotated. By accepting this application, the Division expects the operator to conduct operations under the same conditions as outlined in the original acceptance letter. If the operator cannot comply with these practices/performance standards, then a variance request must be provided to, and formally approved by the Division. Variance requests must include all of the information as required under Rule R647-3-110. A variance request is not required for practices which refer to features which are nonexistent at the project site.

Thank you for your cooperation. If you receive further information or amendments for this operation, please notify us so we will be able to update our files. Please reference our designated file number S/027/074 when forwarding additional information on this project to us.

Sincerely,

Tom Munson
Senior Reclamation Specialist
